THE MOST FOR YOUR MONEY

Everyone, without exception, likes to save money. Saving money on food means buying quality at the very best price. Good nutrition and good health go together. That's where Little Bay shopping brings you true savings. Our Meat department features U.S. Choice grades of meat only, self service or cut to order as you like. Our Fruit and Vegetable department is a joy to shop in. Crisp, garden fresh produce in great variety is on display in inviting abundance. Our well stocked Beer & Wine department will save you an extra stop and the prices are supermarket prices. Throughout the store you'll find savings, quality, choice, convenience and courtesy and S&H Green Stamps too. No harm saving with pleasure. Try it this week at Little Bay Supermarket

Hall on Wednesday. The theme decided upon for the November 11th observance is "Preservation" ---of all we hold dear--which our servicemen protect. It is hoped that this Veterans' Day parade will reflect the patriotism of our townspeople.

Businessmen and organizations will receive letters and reservation forms for floats and other units to be entered in the parade. Prompt replies will be appreciated. If anyone who wishes to enter a unit does not receive the form from the committee by the first of September, he may obtain one from any of the following: Louis Houdelette, Onset; Charles Jones or Perer Andrews, East Wareham; or John Fearing, Mattapoisett. The next meeting will be September 6th.

ART SHOW IN WAREHAM

There is no admission to the Art Show being held at the Congregational Chapel in Wareham on August 17th in the afternoon and evening. The show is being put on by members of an art class at Otis Air Force Base. All interested are welcome to attend. Many of the art pieces will also be on sale.

GRANGE FAIR

John Bower, general chairman, has announced committee chairmen for the Annual Grange Fair in Marion to be held with the cooperation of the Massachusetts Department of Agriculture at the Grange Hall, Route 105, Wednesday, August 25th, opening at 1 P.M. The fair will continue until 10:30 P.M. A public supper will be held in the dining hall at 6:30 P.M. under the direction of Mrs. Mary Lake. Tickets will be available at the door.

Following the supper there will be the usual auction sale of all exhibits with J. Newton Barrows officiating. The sum of $75 has been allotted by the Department of Agriculture for prize money to be awarded for agricultural exhibits. Special attention is called to the fact that exhibits are open to all residents of Marion. Cash prizes will be given for first and second places, and ribbons for third. To be eligible for judging, entries must be in place, arranged by the exhibitor, by 12 noon, August 23rd. Vegetables, fruits and berries, canned and preserved goods, cut flowers, arrangements and house plants grown in pots, also home furnishings may be entered.

Mrs. Edna L. Borden will be in charge of the food table; Mrs. John Bower, fancy works; Miss Laura Mitchell, candy; Ennis Newell,

AMBULANCE FUND DRIVE NEAR HALF-WAY GOAL

As of the first of this week, the Mattapoisett Improvement Association's ambulance drive, under the leadership of Mr. Anthony Roderick, had almost reached the half-way mark in its $8,000 goal. Mail donations, a partial house-to-house canvass of the town and contributions from the Sunday Hens and Chickens softball game helped to bring the to date total to $3,600.

Members of the Improvement Association wish to inform the residents of Mattapoisett that the August 10th house-to-house canvass by firemen, policemen, legionnaires and public minded citizens could not cover all areas of the town. Thus, the canvass will continue all through the week of August 13th.

With the proceeds from Tuesday night's dance on the wharf and money from other donations, it is hoped that the total will increase rapidly.

Thanks are certainly due to all of those who have been participating in the house-to-house canvass. Those who have given of their time have done a splendid job. These volunteers are indeed grateful to the residents of Mattapoisett for their fine support of this worthy Ambulance Fund Drive.

For those who have not contributed but who might wish to do so, their donations can be

NEW HIGH SCHOOL BUSES ARRIVE

Six brand new GMC school buses were driven into Mattapoisett about midnight on Friday. The buses will begin transporting pupils to the Old Rochester Regional High School this fall. Shown in the picture above are the new vehicles and the drivers who made the 1600 mile trip. The buses were assembled in the GMC plant in Conway, Arkansas. Edward F. Sylvia, who has the contract to supply the transportation, and his young drivers drove to Conway starting from here 12:30 on Sunday, August 6th. They were much impressed with the assembly line in Arkansas and are very pleased with the excellent quality of the new buses. None of the young drivers with Ed on the trip had ever driven a bus of this size and the entire trip of 1600 miles was made without mishap. The caravan took the northern route to Mattapoisett through Buffalo and over the Mohawk Trail. This phase of the trip impressed them the most, both for the view from the trail and the narrow winding road in the mountains. They left Arkansas on Tuesday morning and arrived on North Street, Mattapoisett midnight Friday averaging about 400 miles per day.

Dear friends,

There is a wide variety of tastes and opinions regarding funeral arrangements.

The important thing, as we see it, is to provide the service exactly as the family wishes. If suggestions are wanted, we are glad to offer them. But we want them to be merely suggestions, and not dictatorial in any sense.

Whatever your wishes, it is always our desire to carry them out to the best of our ability.

Respectfully,

Carl C Cornwell

THROW AWAY THE PADDLES SAILOR
THE AQUA CAT'S ALRIGHT!

Any old sailboat will point and come about in a stiff wind and lots of them will git up and go. However, when the doldrums come, most of them will lay down and die. Sailors in town will be interested in the latest catamaran type just appearing in these waters. As guests of Burr Brothers Boat Yard in Marion, we took the Aqua Cat for a sail on Sunday. Marion harbor showed mighty few ripples and so we can tell you all about the little boat's sailing qualities. Once or twice, we hit a gust and received a tantalizing hint of her speed. If you like solid comfort in a twelve footer this boat is something special. It is like sailing from the old hammock in the backyard. The passengers sit on a trampoline type platform of stretched canvas which is about six by six feet, plenty of room to sit, lie or stomp about while your wife takes a sunbath on the same deck. The two hulls have twin rudder posts so that the boat is easily steered from both sides. This boat is forgiving to the lubber. The lateen sail is free footed and so the uninitiated passenger is not knocked out by the boom after the call, "ready about". That boom is a real menace on a small boat and most of us have lost more than one week-end guest over the side as a result. This one has no boom. The boat rides even, for it has a wide stance. When we did hit a good gust she heeled a little and took off like a bat. On a day with a good steady breeze, we can imagine the fun and the thrill of sailing this water hot rod. The breath of air that was moving on Sunday was directly from Burr's wharf to the entrance to the harbor. It was in tacking up the narrow channel, going back, that we really developed a respect for this boat. We found that in a completely dead calm the boat came about sluggishly but could be jibed readily. We found that it will maintain headway in a vacuum while sailing on glass. Any boat will point and tack in a wind. Here is one that will do everything a good boat should in the slightest hint of air. There is a maximum of comfort while sailing and the boat is said to be good for over 15 knots. We don't know from experience but had a hint or two and believe every word of the claim. The boat should be maintainance free for it has twin fiberglas hulls and the whole rig can be taken apart to fit in a station wagon or on a car rack. The entire boat intact weighs just 115 pounds. It should be interesting to watch these boats multiply in this area, for this is the kind of comfortable, work free sailboat, with flashing speed, that will appeal to any sailing fan.

VISITED IN MATTAPOISETT

Mrs. Jack Albaugh and son Carl have returned to Elkhard, Indiana after a 10-day visit with Mrs. Albaugh's mother, Mrs. Harriet Singer of Brandt Island Road, Mattapoisett.

CONFUCIUS SAY, "HE WHO FOLLOW TRAIL OF FIRE SECOND HAND MAY DISCOVER TALE OF LIAR BRIGHTER"

In spite of 5 year, 7 year and 20 year plans without end, people in the Soviet still wonder which generation in the future will have a decent standard of living. But in the field of science what marvels are unfolding over radio Moscow. Out of two tries to orbit man there are two perfect success stories. Without any of the tedious preparatory steps of the decadent and careful U. S., off they go with their Soviet tails burning bright and everything works without a hitch. Mechanically this is something. Compared to the Soviet spaceman this is nothing. Titov takes off while confidently and calmly delivering a political speech to Chairman Khrushchev and the boys in the Kremlin. No A-OK nonsense for this boy. In orbit for 25 hours, he does sitting up exercises, eats his meals and then bored drops off for a solid eight hours of slumber. It is unfortunate that radio contact with this superman was broken at this time. If not, the snores of Titov would have been recorded for history as the most significant sounds of this century or any other. What a man! After 17 orbits of the earth, after Titov has run it by hand for a spell, this space ship enters the atmosphere and comes to a pin point landing in the same cow field as the other one did. The space ship which weighs 5 tons lands

without a scratch presumably by parachute in the freshly plowed field. What a parachute! What a furrow! What a story! Many of the populations of the world will marvel at this stupendous achievement of Soviet science. The rest of the people will just marvel at the stupendous gullibility of the believers. Comrades, it's your story, your eye witness reports and the whole thing is too marvelous for words. The words of a comrade, that is.

CON MEN FALL IN TO PUSH FALL OUT SHELTERS

Mattapoisett Civil Defense workers have received reports that a racket in bomb shelters is underway in the State. Acting Civil Defense Director for Massachusetts, George H. Burrows, warns citizens against "fly-by-night and get-rich-quick operators", eager to reap a harvest through the construction and equipping of fallout shelters.

"The increased emphasis on the national fallout shelter program makes this warning necessary," he said.

Persons contracting for shelter construction or supplies, unless they know the reputation of the party with whom they are dealing, should consult their Better Business Bureaus or similar agencies.

REPAIR

Information on shelter construction and home preparedness needs is available in your town. Anyone wishing a family fallout shelter booklet please contact Director Donald Linhares, SK 8-2533, or Assistant Director Loren Mosher, SK 8-3569. They will see that you get the necessary facts and then you can contract the shelter built or build it yourself. In either case you will know what is required, who is building it and that it will be real protection when completed.

CHURCH TO BE DEDICATED

The Rev. Francis J. Greene, pastor at St. Rose of Lima Church, Vaughan Hill Road, Rochester, announces official dedication of the new church will be held 7 P.M. August 30th. Cardinal Cushing of Boston will officiate at the dedication.

The Rev. Greene said the August 30th date was chosen as it is the feast of the patroness of the church, St. Rose of Lima. It is hoped the people of Lakeville and Rochester will visit the church during its dedication.

VISITORS FROM AUSTRALIA

Dr. and Mrs. Richard L. Whitford of Hobart, Tasmania, an island south of the continent of Australia, are visiting Mrs. Ruth Munro of Water Street, Mattapoisett. Dr. Whitford will be visiting professor at Buffalo State University for 1961 through 1962. Mrs. Whitford, who has assisted her husband in his educational work at Newnham Hall, Launceston, has been invited to serve as assistant Dean of Residence Halls at the College of Education at Buffalo. While on her round the world trip Mrs. Munro stayed with the Whitfords in Tasmania who showed her around Australia. Dr. and Mrs. Whitford were introduced to friends of Mrs. Munro at a cocktail party this week.

We had the pleasure of meeting Dr. and Mrs. Whitford who stopped by the Presto on Friday. They said that they were acquainted with a William Keating who publishes a Kings Island News in Kings Island. The paper is apparently similar to this in that Mr. Keating is publisher, printer, writer, photographer and janitor, and that Kings Island has a history of whaling ships that parallels Mattapoisett's history.

They both expressed pleasure in their stay here. They are enjoying the harbor and the swimming at local beaches.
